A MESSAGE FROM OUR TRUSTEE

SANJAY DRABU

Dear Friends of OM,

As we gather the threads of another transformative year at OM Foundation, I am humbled by the incredible journey we continue to embark upon. Our mission, which took root with a dream and determination, has flourished into a beacon of hope and progress for 2000+ beneficiaries. Today we touch 600+ lives every day.

This annual report stands as a testament to the relentless pursuit of our goals. From academic excellence to providing top class employment, we have shattered barriers and made remarkable strides, all fuelled by the indomitable spirit of collaboration that defines OM Foundation.

Every achievement we celebrate is a reflection of the collective power of our team, volunteers, and most importantly our partners.. Your unyielding dedication and unwavering belief in our cause have been instrumental in shaping our impact and extending our reach. Through your efforts, we have demonstrated that change is not just a possibility, but a reality within our grasp.

The stories within these pages tell of transformation, empowerment, and the enduring strength of the human spirit. They serve as a reminder that our work goes beyond statistics and numbers – it is about creating a brighter, more equitable future for our beneficiaries.

We set our priorities from beginning which is showing results after 20 years. We attribute our success to following :

1. Sticking to our core value of quality over quantity
2. Adaptability to changing environment
3. Involving the community
4. Having English as our medium of Instruction

As we stand at the threshold of a new year, I am filled with gratitude for the journey we have undertaken together. Our path may be challenging at times, but it is one illuminated by the shared vision of a better world. Let us continue to channel our passion, creativity, and determination as we shape the chapters of OM Foundations' story. Next few years will be very exciting we move towards OM 2.0 which envisions to build a world class school of excellence for the economically disadvantaged students. We want each and every student to get an equal opportunity to excel in their lives.

We have had highs and lows this year as well but we consider them as learning tools. I want to thank all my board members who work relentlessly for the benefit of our students.

Thank you for being an integral part of our journey. With your unwavering support, I am confident that we will continue to transform families with a bigger zeal.

With deep appreciation,
Sanjay Drabu

ABOUT OM FOUNDATION

OM Foundation School has been providing free and high-quality education, primary healthcare, and nutrition over the two decades. In addition to the regular secondary school, they have implemented a special program to help school dropouts complete their education in a flexible manner.

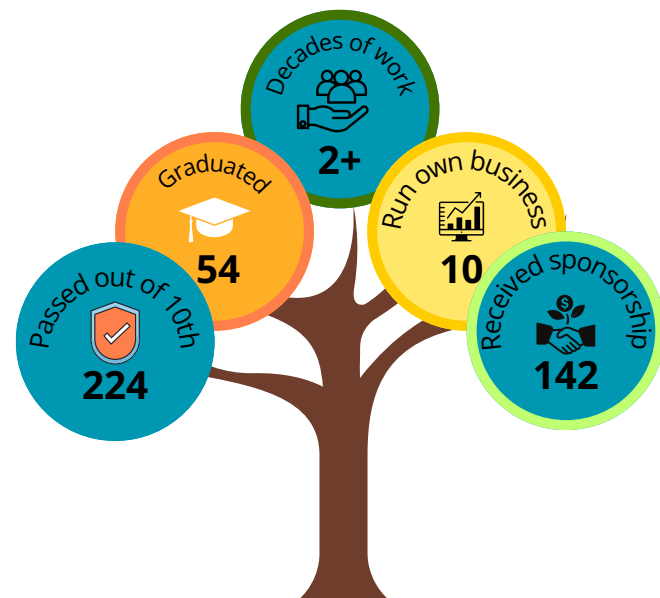

The organization firmly believes that education is crucial for personal and professional growth. However, systemic flaws often create obstacles for hardworking children to access the education they deserve. OM Foundation is dedicated to promoting a meritocratic society, where a child's background does not determine their opportunities.

- Over the past two decades, the foundation has directly engaged with the community and extended its outreach to nearly 20 villages in the urban slums of Noida, benefiting more than 1500 students.
- The administrative costs have remained below 5% since its establishment, and the beneficiary attrition rate has been low, at around 4%.
- The girl to boy ratio stands at 55:45, ensuring equal educational opportunities.
- The student-to-teacher ratio is 1:20, and the infrastructure and qualifications of the teachers are comparable to those of the best public schools.

As a result of these initiatives, the outcomes have been exceptional. Key milestones include:

- 224 students successfully completing grade X from the CBSE Board.
- 142 students receiving sponsorship and completing grade XII.
- 105 students currently pursuing higher education with full financial support.
- 54 students having graduated from esteemed institutions such as Delhi University, NIT, Banasthali University, and Gautam Budh University.
- 40 students are employed in well-paying jobs.
- 10 students have started their own small businesses, taking the entrepreneurial route.

Overall, OM Foundation School has effectively fulfilled its objectives and positively impacted the lives of numerous students through their comprehensive programs.

KNOWING TRUSTEES

Sanjay Drabu
(FOUNDER TRUSTEE)

An MBA and a serial entrepreneur and has built multiple business across India & US. He has been Co-Founder of Pacific BPO Pvt Ltd which is a Healthcare KPO and had 2500 employees when he exited in 2018. Today he invests in Start-ups and he is helping in building an IT Staffing Co in India & US. He found his calling in helping the less privileged children through OM Foundation. He is known for his excellent project execution skills and his proactiveness. He guides all the projects through various stages. He is involved at ground level and oversees the day to day operations at OM. He spends almost 3 days a week at the Foundation.

Vivek Gaur
(FOUNDER TRUSTEE)

As a Co-founder of OM Foundation, Mr. Vivek Gaur brings a lot of diverse expertise to the table. He has been instrumental in building strategic partnerships for OM Foundation and guiding the team for better project results. Mr Gaur has also been a serial entrepreneur and was also a Co - Founder of Pacific BPO . Currently he too invests in companies besides being a Director at Pacific BPO.

Kuldeep Drabu
(TRUSTEE)

Mr Kuldeep Drabu is a professionally qualified chartered accountant and has been providing financial advisory to various organisations for last 4 decades. He runs his own CA firm and has been involved in many philanthropic activities. Mr. Kuldeep's association with OM Foundation goes back to the days of its inception. He has helped to grow OM Foundation both financially and professionally and has been one of the biggest donors of OM. He helps the foundation in building and developing long term strategic policies. He has helped OM in getting all compliances and also advises on all legal matters.

Arjun Singh
(TRUSTEE)

Mr Arjun Singh is a Chemical Engineer from IIT Bombay, and has done his MBA from IIM Calcutta. He has had a long, illustrious corporate career with Leadership roles in GE, ABN AMRO, WNS and AON Hewitt. He is currently serving as the Managing Director, Apac of Envestnet Yodlee. He has been associated with OM for almost a decade. Even though Mr. Arjun was introduced to the Foundation as a part of CSR activities of his corporate, his earnest inclination to give back to society made him a trustee at the organization. He takes special interest in bringing new ideas to groom the students at school. He also takes keen interest in the capacity building of teachers. He is key contributor in all the strategic decisions taken by the board.

Deepak Methi
(TRUSTEE)

An engineer by qualification and a successful entrepreneur, he has built Pankaj Electronics to a \$15M company. Philanthropy is very close to his heart and he personally supports more than 10 charitable causes. He too started as a donor at OM eventually becoming a Trustee. He has been a supporting pillar for OM. He mentors the students through their skill development phase and works relentlessly for their success. He plays a crucial role in identifying the future goals of the Foundation.

Amit Singhal
(TRUSTEE)

A Go-to Market Strategist with multiple years of experience in building businesses in the retail sector. By qualification he is an Electrical Engineer. Amit's motto in life is to bring a change in the lives of many. He has been working towards the working capacity of teachers and has been giving new out of the box ideas in teaching. He spends considerable amount of time with students and provides solutions to their problems. He is passionate in whatever he does at OM and ensures that our end goals are met.

Yamini Bajaj
(Project Coordinator)

SCHOOL TEACHERS

OUR PROGRAMS

High School

From just 20 students in 2002 to more than 300 students 20 years later. The school is the healthy habitat for underprivileged children, where they receive world class education, nourishment, and nurturing at zero cost.

Senior Secondary School

We sponsor the students to pursue their senior secondary education in our associated public schools. During this, we further support these children through mentorship and coaching sessions to equip them with the knowledge and skill sets needed to stay ahead with their counterparts. More than 200 students have got benefitted through our senior secondary education program.

College Scholarships

We support our students till the time they finish their education by sponsoring their high school and college fees. Our students have made it to NIT, Bansathali and Delhi University and more than 60% of them have passed with distinction.

AFTERNOON SCHOOL

To fill in the gaps of quality education, OM is teaching and training the underprivileged children who couldn't get admissions in government schools & to school dropouts who are working but are committed to completing their education. We also focus on upgrading their skills and developing their personality by augmenting their English Communications and helping them to learn Computers so that they are job ready as soon as they pass out of the school.

FACILITIES AT SCHOOL

Over the past several years, our organization has undertaken an ambitious transformation to effectively serve the kids at our school.

Library with 7500+books

Advanced Computer Labs

Smart classrooms

Sports and co-curriculars

Debates and Competitions

English Language Lab

OUR IMPACT

- Through our Afternoon Program, we have provided education to about **500+** dropouts students through NIOS Board.
- Through our Skill Development Program, we have skilled **487** students with skills like English communication, computer skills, life skills and personality development.
- **191** students from the Skill Program have been placed in various companies with an average salary of INR 10,000
- In 2021, we transformed all of our classrooms to smart classes by installing **smartboards**.
- We have redesigned our **computer curriculum** as a skill with practical application for the students of Grade 4th – 8th.

HERE WE GROW AGAIN

MINI SCIENCE CENTRE

A Mini Science Centre has been installed in our Science Lab in the school by one of our corporate partners, Sopra Steria in collaboration with STEM Learning Pvt. Ltd. This Centre consists of 75 Science & Maths models that have been successfully placed in the lab. It has added a colorful and innovative character to our existing lab which will attract the students to the lab now more than before.

ART BASED LEARNING FOR PRIMARY CLASSES

We recently have started practicing a new concept called Art Based Learning for the primary classes. Students are getting to learn academic concepts in an interesting way using Art as a tool. Various amazing sessions have been conducted around the concepts of nature, understanding of patterns, geometrical shapes, balance, calculations, sound, music, colors and color theory with Class 2nd students.

SCHOOL COUNSELLOR

A full time school counsellor has been appointed to help the students deal with their mental health and various personal problems students go through nowadays, through group and individual sessions.

AND AGAIN!

TEACHER'S TRAINING WORKSHOP-1

Sandeep Kumar, Founder and Director of Unlearn Theatre, conducted a workshop for our teachers on Theatre in Education. The workshop began with an introduction to theatre/drama techniques for teachers. This workshop promoted theatre as another component of our teaching styles in ways that are deeply intertwined with course material as well as for developing the critical thinking, speaking, and acting skills of the students.

TEACHER'S TRAINING WORKSHOP-2

Another training workshop on the topic of "Happy Teachers Create Happy Classrooms" was organized for our teachers. This workshop focused on creating happy classrooms and working with unbridled enthusiasm. According to the trainer, the purpose of education is to create happy individuals, and happiness in the classroom will undoubtedly help to improve students' learning experiences. As a result, in a happy classroom, the teacher not only encourages knowledge but also creates opportunities for interactive and experiential learning.

CANCER AWARENESS CAMP

We organized a Cancer Awareness Camp for our students, their parents and the people of the community as well in collaboration with Amogh Foundation. The purpose of this camp was to raise awareness about various types of cancer and how to prevent or detect them early. It was accomplished through a session with a team of doctors who taught them how to incorporate physical activities and healthy eating habits into their lives to prevent cancer. They also clear up all the myths related to cancer.

EVENTS IN SCHOOL

SCHOOL ELECTIONS

In school, student elections were held. Students ran for the positions of head boy, head girl, house captains, and prefects. Every student and teacher voted.

Prothama Halder and **Aman Kumar** were elected as Head Girl and Head Boy, respectively. We held a formal investiture ceremony to bestow the titles on the students.

FIREFLY 2022

OM Foundation organized Firefly 2022, an annual event where our students got a chance to showcase their skills and knowledge on computers by building applications like:

- Nirogibhava app which will help a user to be fit by counting and targeting their walking steps
- Parimarjan app which will help a user in getting their surroundings and society clean
- Vyasa app which can help students in accessing the study materials online easily.

ALUMNI MEET

We organized an Alumni Meet for the first time ever in OM Foundation for the students who passed out between 2013 and 2017. It was an intimate gathering where our students shared their journey from school to college, their job/business. We get to hear about the many life changing experiences of their lives. We are proud of who they all have become today.

It was definitely a wonderful day for our trustees and teachers who got to see their old students after such a long time.

ANNUAL DAY

On December 11th, we celebrated OM's 20th anniversary on a grand scale. The theme of the program was to highlight all of the opportunities that we provide to our students as well as our achievements in these 20 years. The auditorium was filled with applause and cheers as our talented students took the stage one after the other to deliver mind-blowing performances.

The audience was captivated by their confidence and beautiful costumes. It delighted the audience and made them feel like they were a part of the celebration. The children were also recognized for their academic and extracurricular achievements.

We are truly thankful to all of our corporate partners, individual supporters, and well-wishers who came out to bless and encourage our students through their presence.

FOUNDATION DAY

On September 9th, OM Foundation celebrated 20 incredible years of community service. To commemorate this special occasion, we held a small event at school. Our students performed and expressed their appreciation to the school. Our teachers shared their experiences so far. Our alumni came to motivate our students by talking about how OM Foundation has helped them to become who they are today.

SCHOOL PICNIC TRIPS

We organized educational field trips for all of our students this year. The purpose of these trips was to give students an experience outside of the classroom. A field trip allows students to experience concepts firsthand, which helps in the long-term retention of knowledge. If classroom teaching is followed by a field trip, it helps to clarify concepts and results in more effective learning.

It also helps in the application of ideas, theories, and knowledge, ensuring competence. Field trips help to relieve the boredom and monotony of having to attend a class. It provides them with a fresh perspective and helps develop their overall personality.

CELEBRATIONS IN SCHOOL

We enthusiastically commemorated a multitude of Indian festivals, including Gurpurab, Christmas, Diwali, Republic Day, Independence day, Eid with immense fervor and joy!

INDEPENDENCE DAY

We celebrated "Azaadi Ka Amrit Mahotsav" 75th Independence Day in advance with employees of our corporate partner, EXL, as our guests. We hosted the national flag and the national anthem was sung by our students.

DUSSEHRA CELEBRATIONS

On the auspicious occasion of Vijay Dashami, our primary students organized a small event to celebrate the triumph of good over evil by performing a play based on the legend of Maa Durga and Mahishaasur.

DIWALI CELEBRATIONS

This Diwali was special for many reasons, including the fact that we were able to celebrate it properly after the pandemic, without fear or anxiety, and with great delight. To commemorate this special occasion, we held a small celebration in school where various competitions such as rangoli making, toran making, and pooja thali making were organised on one side and our students performed traditional songs with joy and smiles on their faces on the other.

REPUBLIC DAY CELEBRATIONS

OM Foundation celebrated Republic Day alongside the students of Ank Foundation and volunteers of our corporate partner, GlobalLogic. There were folk solo and group dance and singing competitions between OM and Ank students. A few GlobalLogic volunteers also sang folk songs on Republic Day. The students performed on a variety of folk songs, ranging from Rajasthani to Bengali to Marathi.

**WORLD ENVIRONMENT DAY**

We celebrated World Environment Day with some employees of our corporate partner, EXL and Give Me Trees Trust. Various activities were conducted to engage our students on the day.

**NATIONAL SCIENCE DAY**

To celebrate the day:

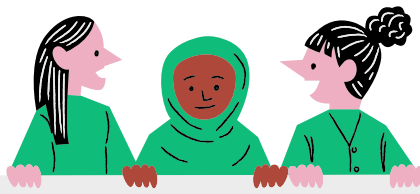

- One of our students, Govind dressed up as Dr. CV Raman and gave a speech about his contribution to Science
- We organised Science quizzes for our junior and senior students separately and gave prizes to the winners

**HINDI DIWAS**

On this occasion of Hindi Diwas, we held a small poster competition for students of classes 7th - 10th in the school today. The students made beautiful posters with handwritten slogans and quotes in Hindi. The aim of this competition was to teach students about the significance of the day as well as the Hindi language.

**WORLD OZONE DAY**

World Ozone Day is observed every year on September 16 to focus global action and attention on the preservation of the Ozone layer and raise awareness about the issue of depletion of the ozone layer. The theme of this year is 'Ozone for Life', which messages human beings to preserve the ozone layer for future generations.

COMPETITIONS IN SCHOOL

INTER HOUSE COMPETITIONS

We held three inter-house competitions on the following topics:

- Envelope making for the students of Classes 4 & 5
- Folder making for the students of Classes 6 & 7
- Diary making for the students of Classes 8 & 9

INTER HOUSE FIRELESS COOKING COMPETITION

We organized a small inter-house fireless cooking competition between students of Class 4th-6th. The students were asked to make a fresh beverage and a healthy snack. Students who worked together to make snacks like different kinds of sandwiches and drinks like sattu ka drink, rose mojito and lassi.

INTER SCHOOL ART & CRAFT COMPETITION

OM Foundation organized an Inter School Art & Craft Competition on 30th July in which students from 14 schools participated. There were 3 competitions that were conducted :-

- Cloth bag making
- Best out of waste
- Storytelling with handmade props.

INTER SCHOOL SCIENCE COMPETITION

OM Foundation organized an Inter School Science Competition in which students from 7 schools participated.

There were 3 competitions that were conducted :-

- Science quiz
- Model making competition
- Poster painting competition

WHAT OUR

PARTNERS TELL ABOUT US...**Ms. Muskan Jain, AVP, Global CSR Lead, EXL Service**

I feel excited to share that our relationship with OM Foundation is now more than a decade old. The one reason, and probably the strongest reason, for us to sustain and deepen our relationship with OM Foundation School is that the school has stood true to its purpose of building responsible citizens and sensitive leaders for the future. The school has kept pace with the changes that are happening around us so that students are abreast with the latest. The school has gone through a transformation over these years and is now equipped with world-class digital equipment, has focus on market-relevant skills, and has achieved remarkable improvement in academic success of students.

I have been working with EXL Social Champions to volunteer time to achieve the objectives of the school. I am amazed by the difference it has made to the school, students, and EXL Social Champions.

Ms. Anne Minto, OBE, Board Member, EXL Service

The OM Foundation has continued to have another terrific year in terms of student numbers and great examination results. I am truly inspired by the wonderful teaching staff at the school and the dedication and diligence of the students. I had the pleasure of visiting the school again in March and so enjoyed meeting with the teachers and students and learning about the improvements and additions to the teaching capabilities and facilities offered to the students.

I was delighted to meet a number of alumni who attended the event who have now completed their university and college courses and are now fully qualified bankers, teachers, engineers, designers, and entrepreneurs. These young people are providing inspiration to the current students that if they study and work hard, they too can achieve so much in life with a good education. One of the alumni is now a teacher at the school and demonstrates a daily role model for the students. Lives can undoubtedly be changed with a great education, and all things become possible for diligent students. All good wishes for all your futures.

Ms. Lulia, EXL Service-Europe

As a volunteer, I am grateful for the continuous learning and exposure to different cultures that the OM Foundation offers. They have enriched my perspective and provided a genuine understanding of the importance of embracing cultural differences. They have given me the opportunity to share my passion for teaching and the Spanish language with a diverse and special group of young minds at OM. The support and resources provided by the OM Foundation have been instrumental in creating a conducive learning environment for these students, helping them grow and excel in their language skills. For me, this was a great opportunity to take CSR to the next level and cross borders. I am genuinely excited to take this initiative forward by teaching Spanish to more students at OM Foundation and enhancing their knowledge of different cultures.

Mr. Sachin Tyagi, Operations Manager, EXL Service

I have had the privilege of teaching Portuguese Language. I extend my heartfelt gratitude to both EXL and the OM Foundation for granting me the opportunity to teach Portuguese to the students associated with the OM Foundation. Volunteering as a language instructor has been an immensely gratifying experience.

Initially, we began with a basic 14-hour course. However, witnessing the enthusiastic participation and genuine interest of the students during various activities, we decided to extend the course duration significantly, investing over 65 hours in teaching Portuguese to these dedicated learners. The ultimate triumph came when our students successfully cleared their A1-level certification exam and earned recognition from the esteemed institute, Langécole. Witnessing their certification day was an unparalleled moment of joy and pride for all of us.

Ms. Monika Walia, Head-CSR India, GlobalLogic

OM Foundation is one of our oldest partners. We started with a small batch of students supporting Remedy Education and have grown together in this partnership. We are really proud of this association, and we wish the very best to the whole team of OM Foundation for the years ahead. Many congratulations for reaching this milestone of 20 years.

EVENTS

WITH CORPORATE PARTNERS

EXL

We feel so privileged that leaders and our corporate partners visit our kids in the school and spend time with us. Through these visits, they are able to see all of the interventions we have implemented in the school for the benefit of our students in order to provide them with relevant skills for the future.

Book Donation Drive

Mr. Rohit Kapoor & Ms. Anne Minto's Visit

Mr. Rohit Kapoor, Vice Chairman & CEO of EXL Service and Ms. Anne Minto, OBE, Board Member of EXL Service, and the EXL leadership team visited OM Foundation in March to witness the positive impact of our interventions for students. They observed our students' coding skills and app development in the Computer Lab, witnessed improvements in functional English through WordsWorth software in the English Lab, and met with dedicated EXL volunteers.

They also had the opportunity to engage with our alumni and enjoy captivating student performances.

Visit of Leaders

GlobalLogic

The CSR head of GlobalLogic Mrs. Monika Walia visited us for the first time. She met with all the faculty members and got to know about all the ins and outs of our Afternoon and Skill Development programs. She interacted with the afternoon school students and got to know about their experience studying in OM Foundation.

Pot Painting Session

Hays

We had the privilege of hosting Ms. Bhavna Dahiya, MD & Head, Hays Business Solutions, India and James Musgrave, Finance Director of Hays Business Solutions, UK & Ireland, at our school.

Ms. Bhavna interacted with students, discussing various science concepts and fascinating facts with students of classes 9th and 10th. This session was not just about motivation; it also provided an interactive platform for our students to seek guidance, ask questions and showcase their talent and knowledge.

On the other hand, the students of Class 2nd warmed Mr. Musgrave's heart with their thoughtful handmade greeting cards. The students had an interesting experience as they delved into fascinating discussions about planets and the solar system with Mr. Musgrave.

The Hays team also brought delightful surprises for all the students, making it truly unforgettable for our students.

We are immensely grateful for their generosity and for taking the time out of their busy schedules to connect with our students. Their support and dedication to education mean the world to us. Thank you, Mr. James and Team Hays, for making a difference in the lives of our students!

SUCCESS STORIES

Deepak Sharma

Born and brought up in a middle-class family, Deepak started his academic journey at OM Foundation in nursery. As he grew up, his passion for engineering developed, and he aimed to pursue it as a career. With this goal in mind, he worked tirelessly and topped both his Class 10th and 12th board exams. In 2019, Deepak started pursuing a B.Tech. in Electronics and Communications from Gautam Budh University and currently in his last semester. However, life had different plans for him when his father suffered a brain injury, forcing him to stop working.

Being the responsible son, Deepak decided to take matters into his own hands and started interning with SopraSteria as a Trainer in Java Development to support his family. Deepak's dedication towards his work and willingness to take on responsibility impressed his colleagues and superiors at SopraSteria.

Despite the challenges he faced, he never compromised on his studies and continued to excel in his academics. Today, Deepak stands on the brink of achieving his dreams of becoming an engineer. His success story is a source of inspiration for many of our students who aspire to achieve great things in life.

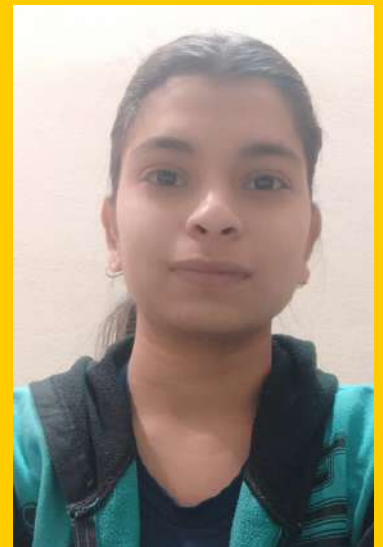

Gautam

Gautam's parents had moved to Delhi and were living in a small one-room apartment. His father is a plumber, and his mother is a stay-at-home mom. His mother wished for him to have a better life. "Taking admission in OM Foundation was my first step towards success," he says. "OM provided me with a life-changing experience.

I was given a lot of good opportunities here." Good marks in 10th and 12th grade motivated him to work harder in order to pass India's most difficult entrance examination, the JEE Entrance. He recently completed B.Tech in Civil Engineering from NIT Arunachal Pradesh as a Gold Medalist and got placement in L&T Heavy Civil Infrastructure in Mumbai Ahmedabad High Speed Rail Project, C-4 Package, Navsari with a good salary package. He has made us proud with his achievements. We wish him good luck in his future endeavors.

My name is Sheetal Aggarwal. I joined OM in Class 6th in 2015. Since then OM has been playing an important role in my life. I participated in various inter house and inter school competitions. Another reason is the counselling and mentoring sessions that kept my body and mind healthy and fit, as well as the various skill sessions that helped me in developing qualities such as discipline, punctuality.

Sheetal Aggarwal

OM was the place where I learned about true competition, which made me more determined and dedicated to my studies. I recently passed the Class 12th board exams with a 96.6 percentile. I am grateful to all the teachers and faculty members for always being there for me and giving me wings to fly high. Now my target is to get admission to a good college of Delhi University while also studying for the UPSC.

Sarita Kumari

Sarita Kumari, a student whose family migrated from Himachal Pradesh to Noida, embarked on a life-changing journey when she joined OM Foundation School in 2013. Despite facing various obstacles, her talent and unwavering dedication made her stand out as a hardworking student. OM became more than a school; it became her family, nurturing her dreams and providing countless opportunities.

She secured admission in Banasthali University, one of the top women's colleges. Despite financial challenges, Sarita completed her B.Com. with the help of OM.

Today, she shines as a Senior Associate at Diageo, a multinational company in Bangalore, earning a package of 4 lacs. Her success has become an inspiration for other girls to embrace opportunities and prove their potential. Sarita's journey has not only made her family proud but also encouraged other parents to support their daughters' ambitions.

Neelu Tiwari

Neelu Tiwari, a daughter of an office peon from the small town of Ballia in Uttar Pradesh, has come a long way in life after working extremely hard to make a difference in the lives of her family. She joined OM Foundation in Class 6th in 2010. She has always been a talented and hard-working student of OM. In Class X and XII board exams, she received 87% and 82%, respectively. She then earned her B.Com. (H) from Banasthali University with a CGPA of 8.4 and went on to complete her M.B.A. from the same university. With the help of campus placements, she got an opportunity to do a 2-months internship with the Reserve Bank of India, Jaipur. Her perseverance and hard work were rewarded recently when she was hired by **ICICI Lombard in Pune with a salary package of Rs. 7.5 lacs.**

Preeti Jha

Preeti Jha, a Class 11th student at Afternoon School, is a shining example of a self-motivated student. Preeti lives nearby the school and joined the school in the year 2020. Her family forced her to marry, so she had to drop out of school. She returned to us in 2022, after becoming a mother of two children, to continue her studies while also working as a housemaid to support her family. She scored 60% on her Class 10th exam last year. Despite everything, she is a regular student who is dedicated to completing her studies. One of her children studies in Class 3rd at our day school.

TEACHERS' CORNER

Vikram Singh (Music Teacher)

"Joining OM Foundation as a music teacher has been a truly gratifying experience. Having previously been a part of the renowned musical band, Manzil Mystics, I now have the privilege of teaching music to underprivileged children. The students here are incredibly interactive, dedicated, and open-minded. The facilities provided are excellent, and the supportive management and helpful colleagues contribute to a friendly and hardworking environment. I am grateful for the opportunity to make a meaningful impact through music education at OM Foundation."

Pooja Agarwal (Functional English Trainer)

"I am an English trainer specializing in working with young learners, dedicated to helping them enhance their language skills. I recently joined OM Foundation in May 2023, following my previous teaching experience with three other NGOs.

Teaching at OM Foundation has been an incredibly rewarding experience as the students exhibit exceptional intelligence, creativity, and responsiveness.

The school's facilities are excellent, ensuring that the children's needs and requirements are fully met. OM Foundation provides an ideal environment for both teaching and learning, offering numerous opportunities for personal and professional growth. I consider myself fortunate to be a part of this highly knowledgeable and educational institution."

Goals for 2023-24

Plan For Day School

This year, our focus will be on the following areas:

- Improving knowledge and understanding of the core subjects: English, Science and Mathematics
- Provide students with computer education as a skill subject that can help them in their future
- Emphasis will be on strengthening the functional English and experiential learning with Wordsworth English Lab
- Teaching Science in a more practical and innovative way with the help of Mini Science Centre
- Imparting digital literacy to the students. Introducing Data Science & Front Office Operations for the students of Class 9th & 10th as a skill subject

Plan for Afternoon School

This year, our focus will be on the following areas:

- Ensuring the completion of the senior secondary education of the students through the National Institute of Open Schooling (NIOS).
- All the students will be equipped with soft skills, computer education and English communication skills.
- Emphasis will be on strengthening the functional English and experiential learning with English Language Lab.
- Introducing Science subject in Class 9th & 10th to the students who wish to pursue a career in the field.
- Introducing Basic Computing to the students of Class 9th & 10th and Tourism to the students of Class 11th & 12th as a vocational skill subject.

Building a new Future
